

Wear a Man's Clothes to do a Man's Work

If your occupation calls for hard, honest labor wear the kind of clothes that will give service. After the day's work is done you will feel a hundred per cent better by slipping into a neat, stylish Dundee suit.

If your daily duties call you among the men and women of the business world you must dress the part. First impressions count, and the kind of clothes you wear determine the estimation in which you are held by others.

Dundee's tailored, all-wool suits are selected by men who care because of their sturdy, serviceable make up. Not as expensive as you might think. From \$30 up.

FEDERAL BANK FUNDS NOT FOR PLEASURE CARS

ATLANTA, Ga., May 20.—Mr. B. Wellborn, governor of the federal reserve bank of Atlanta, declared today the resources of the bank of this district should not be used to finance the purchase of strictly pleasure or passenger automobiles. In a message sent to the National Automobile chamber of commerce at Washington, Mr. Wellborn said: "We have reached a point where we must consider affairs from the viewpoint of the general economic interest."

25c ROUND TRIP

OGDENITE HEADS STATE PYTHIANS

S. D. Rideout Elected Grand Chancellor; Next Convention in This City

Sherman D. Rideout of Ogden was elected Grand Chancellor of the Knights of Pythias grand lodge at the close of the two-day state convention of that organization and the Pythian Sisters yesterday in Salt Lake. Ogden was also selected as the next meeting place of the annual convention. The meetings of the convention were said to be the most successful ever held and a great deal of legislative business was transacted.

Lucy B. Watson of Ogden was chosen supreme representative of the grand lodge of Pythian Sisters. Grand lodge officers elected were: Grand chancellor, S. D. Rideout, Ogden; grand vice chancellor, Clarence Marsh, Magna; grand prelate, Stanley Price, Price; grand master of exchequer, D. C. Turner, Salt Lake; grand keeper of seals and records, W. L. Underwood, Ogden; grand master of arms, F. W. Treloar, Garfield; grand inner guard, Teho Marko, Bingham; and grand outer guard, J. H. Brown, Myton, H. N. Standish, Mark Reddall, grand trustees: H. H. McCartney, William Woodhead and F. C. Bertolino, grand trustees: S. N. Randolph of Salt Lake and L. N. Meid of Ogden were selected as delegates to the national convention to be held in Minneapolis.

The Pythian Sisters elected the following officers of the grand lodge: Past grand chief, Marie Vincent, Park City; grand chief, Robert McDonnell Salt Lake; grand chief senior, Lena Waters, Midvale; grand chief junior, Louise Anderson, Sandy; grand manager, Nina Underwood, Garfield; grand mistress of R. and C., Myrtle Blumenthal, Provo; trustee, Martha Booth, Storr; press correspondent, Minnie Goff, Salt Lake; supreme representative, Lucy B. Watson, Ogden, and alternate, Josephine Johnson, Sandy.

High Jinks was held by the Dramatic Order of Knights of Khorassan last night and about 100 candidates took the ride across the hot sands. The work was done in the ballroom of the Newhouse hotel, followed by a banquet in honor of the newly elected officers. Justice J. E. Frick and E. A. Mitchell were the principal speakers.

A parade of the Knights of Khorassan and 100 new candidates left Knights' temple at 7 p. m. and marched up State street to South Temple, then down Main street to the Newhouse hotel, where the initiations took place.

EXPAND LIBRARY IN THIRD WARD

Room Outside of School Rented for Mound Fort District

More than 150 persons attended a meeting of the Parent-Teachers' association recently held in the Mound Fort school at which plans for the new library in the Third ward were discussed. Selections by the Junior High school orchestra and a chorus by the school students featured the meeting. A reading by Mrs. M. Holst was well received.

Members of the library committee reported that the library in the school had proven rather unsatisfactory and that as a result, Mrs. Minerva Shaw had rented them a front room for library purposes. The library will now be open to all persons living north of the Washington bridge. Contributions from various sources have been received to carry on the work temporarily.

Branch Library. Later the organization hopes to have an appropriation from the Carnegie library fund and build a branch library in this district.

Miss Mary Elizabeth Downey, state librarian, outlined the growth of the city library and declared that much credit was due Miss June Pierce, the principal, and teachers, and parents of the Mound Fort district for the advance in the library movement.

Mayor Speaks. Mayor Frank Francis spoke of the various needs of the community and assured the people of the Third ward that these needs were being considered. He gave his hearty support to the library movement by saying that a library affords a companionship with the best thoughts of the foremost writers of the past and present. He concluded by saying that the city commission could not escape the duty of aiding in providing the Mound Fort district with a library, but with paying, parks and sewers as well.

The Rev. John E. Carver spoke of the necessity of more funds for library work and outlined the great advances the Ogden library has made with limited means.

Dr. Edward Rich approved the activities that have been carried on in regard to the library and pledged the support of the school board in the installation of a new library in the Third ward. Judge George Barker, William A. Budge and John Farr gave interesting talks in support of the library.

A report submitted by the entertainment committee showed that \$126 had been received at a recent entertainment and after expenses were paid, nearly \$60 remained the treasury.

A number of questions in regard to the paving of the street railway tracks along Washington avenue were asked by A. K. Poulger and S. B. Bruerton.

The program closed with a piano solo by Mrs. Vera F. Beason.

Members of both sexes of the Batek tribe invariably file their teeth, beginning at an early age.

SHOE SALE

THE REASON:

The spring season has been very backward, as you all know. Mr. Jones did not know this backward season was coming when he bought the largest spring stock of shoes he has ever owned. Therefore, with this backward season, people have not bought the number of pairs of shoes they would have bought had the weather been seasonable. Consequently, the Jones shoe stock is far heavier than it should be this late in the season. Now that the spring weather is here, Mr. Jones is putting on this

GREAT STOCK REDUCING SHOE SALE

Shoes are being sold at less than wholesale cost. Full, new lines of all sizes and all widths. This event you must not miss. You may come here expecting genuine reductions and you will not be disappointed. Here is one of the largest and finest stocks of shoes in the west, comprising only high grade makes of well known shoes for men, women and children. MATTHEW GALT GIVEN HONORS

Will Represent Woodman at Annual Convention; Other Delegates Elected

Matthew Galt, consul commander of Ogden camp No. 74, Woodmen of the World, was selected as a delegate to the annual convention of the order, to be held in Yosemite National park June 21, during the closing session of the state convention held yesterday afternoon. Other delegates chosen were P. Green of No. 338, Salt Lake; T. Lawson of No. 53, Salt Lake; H. J. Fitzgerald of No. 466, Salt Lake; Samuel Bench of the Logan camp and William Minds of the Murray camp.

Yesterday afternoon's session closed one of the most successful conventions ever held by the Woodmen in Utah, according to the officers. Much business was transacted on which will depend the future of the lodge in the state. It was announced at the session that the membership of the Utah lodge has grown to 6,000 members.

While the Woodmen were in business session, the women who accompanied the visitors to Ogden were entertained by sightseeing trips and tours to various points of interest. During the morning they were taken through the plant of the Shupe-Williams Candy company, and in the afternoon they inspected the Scowcroft factory.

At the noon luncheon held yesterday in the Hermitage hotel, 204 delegates and members of the lodge attended. It was announced that 150 delegates attended the sessions.

During the morning session William Minds was elected temporary chairman, and following organization, Fred E. Williams of Ogden was chosen as permanent chairman.

Last night the visiting delegates and their ladies were the guests of the members of the Ogden camp at a dance and reception held in the Berthana hall.

Rotarians Aid Drive for C. of C. Members

In order to increase the membership of the Ogden Chamber of Commerce until it includes a representation from every business house of the city and all the professional men of Ogden, a committee was appointed to put on a membership drive under the auspices of the Ogden Rotarians. The committee appointed is Chas. H. Barton, H. M. Rowe, and John Spargo.

The history of the Ogden Chamber of Commerce during the past year has proved that it is one of the most forceful factors in the upbuilding of the city and in the opinion of Rotarians its work should be enlarged by an increased membership.

According to the national industrial conference board of Boston, the cost of living has increased 95 per cent from July, 1914, to March, 1920.

PLAN SUMMER SCHOOL COURSE

"Conditioned" Students Will Be Assisted in Strengthening Themselves

A six weeks' summer school course will be offered this year by the Ogden City board of education, under the direct supervision of Principal John A. Junk.

Many students have been "conditioned" in one or more subjects on account of sickness or irregularity in attendance. It is to give them the opportunity to work off such "conditions" during the summer months that the school is being organized. Opportunity will be afforded pupils to spend six weeks in strengthening themselves in subjects in which they might have had trouble, even though not detained or "conditioned."

The summer school will be carefully supervised and organized. The groups will be small and the work intensive and the instruction almost individual. Students will be allowed to take only two hours' work a day. A small tuition fee will be asked. Additional work will be allowed only upon recommendation of the student's instructor for the closing year. Certificates of work done during the summer school will be accepted by the various principals in the fall.

Teachers will be prepared to give work in any primary, intermediate, junior and senior high school subject. The school will be in session from Monday, May 24, until Friday, July 2. Classes will be held each day from 8 until 12 o'clock.

Monday registration will take place in the following school buildings, and the student may register in the building nearest home: Mound Fort, Madison, Washington and the senior high school.

Assisting Mr. Junk will be Mrs. Gertrude Coolidge, Miss Consuelo Stewart, Miss Luna Fronsbeck and others.

Double Wedding Is Performed by Judge

A double wedding took place in the county clerk's office yesterday afternoon, when Judge A. W. Adee united two Ogden couples. The couples were Domian Rice and Helen Jones and Leonard S. Bailey and Paula B. Willard.

Beauty More Than Skin Deep. There is an old saying that beauty is only skin deep. That may be so with those who get their beauty out of a box but not the genuine sort. Beauty is really only another word for good health and no woman who is bilious and constipated can reasonably hope to be beautiful. Chamberlain's Tablets will correct these disorders, then with proper diet and exercise, there is no reason why any young woman with regular features may not hope to be beautiful.—Adv.

DEAF SCHOOL'S PAGEANT FRIDAY

Governor Expected to Attend Annual Event at State Institution Here

A full dress rehearsal of the "Story of the Deaf" which is to be given tomorrow night in the grounds of the State School for the Deaf and Blind, was held this morning when the six episodes of the pageant were acted throughout without a single hitch anywhere in the production, said Frank M. Driggs, superintendent of the school, this morning.

Miss Lillian Thatcher, who is in charge of music at the school, conducts the orchestra for the occasion, and to the minutest detail the production is said to be the finest performed or attempted by the school in its history.

There will be no delay in the performance, says Mr. Driggs. Promptly at 5:30, the whistle will blow and the action will proceed.

Every citizen who is proud of Ogden and the state of Utah is encouraged to phone the office of the school for reserved seats. It is expected that between 4000 and 5000 people will witness the pageant.

Governor Simon Bamberger, and the president of the board, C. Clarence Nelson, together with a large number of Salt Lake residents are expected to be present.

Members of the Ogden Rotary club with their wives and families will be largely represented also, having received special invitations from Superintendent Driggs, who is also president of the Rotarians.

Strawberries and Cherries Sent East

Ten refrigerator cars loaded to capacity with strawberries and cherries, arrived in Ogden this morning on Southern Pacific train, No. 6, en route for eastern markets. The fruit was being shipped as express.

Thirteen carloads of lettuce and early spring vegetables, including string beans, early potatoes and other delicacies, were included in the shipment. The thirteen cars comprised a special train, the vegetables being rushed to New York.

Beat Horses, Charge Before City Court

L. J. Stallings, alleged to have been beating a team of horses yesterday afternoon, appeared before the city court this morning on a charge of cruelty to animals. He pleaded not guilty. David L. Stine, as attorney for the defendant, asked that the trial be set for tomorrow and that a jury be summoned. Judge D. R. Roberts so ruled.

SWITCHMEN ON WAY TO COAST

Will Take Places of Strikers; Members of the B. of R. T.

Eighteen switchmen, members of the Brotherhood of Railway Trainmen, passed through Ogden yesterday en route for San Francisco. They were headed for the west coast to relieve congested traffic conditions. It was stated, and had been sent from various parts of the east and middle west where conditions are not so severe.

The men said they were the first of a number that will go to the west coast.

Reports indicate that hundreds of carloads of freight are now on sidings of railroads between Ogden and California and that in some instances difficulty in switching is encountered because of side tracks being completely loaded with untransported freight.

Reports from local railroad offices indicate that the Ogden yards are being well cleared and that thus far, no congested condition has occurred here.

With the advent of a number of switchmen on the west coast, it is expected that transportation facilities will be increased in efficiency and that the starting of trains over the road will result in alleviating to a certain degree the existing shortage of freight cars.

While nightmares is said to be capable of causing death to a physically weak adult, this has never been known to happen to a child.

MAJOR INSPECTS OGDEN'S CADETS

Compliments High School Corps on Appearance Following His Inspection

"Yours is the best officers' training unit I have inspected on this tour of ten western states," Major M. N. Falls told the Ogden high school unit of the R. O. T. C. at inspection yesterday.

Major Falls arrived in the city yesterday morning, and in company with Lieutenant R. E. Everly, officer of the local unit, made a thorough inspection of the equipment, appearance and drill of the cadets, who numbered 281 on parade.

California, Nevada, Oregon, Washington, Wyoming, Montana, Idaho, Utah, Arizona and New Mexico are the states which come under the command of Major Falls as chief officer of the reserve officers' training corps, and his words of congratulation yesterday to the high school unit were well received, because, after visiting Logan and Salt Lake today and tomorrow, Major Falls concludes his tour of his department.

Major Falls assured Superintendent W. Karl Hopkins that the city board of education's wish to retain the services of Lieutenant Everly at the Ogden high school would have his strongest support at headquarters.

FORBID STUDENT'S DRILL. BERLIN, May 20.—High school pupils here have been forbidden by the minister of education to join any kind of military organizations. Those who already have become members are directed to withdraw.
